The Bear Went Over The Mountain

The bear went over the mountain.
The bear went over the mountain.
The bear went over the mountain.
To see what he could see.

And all that he could see.
And all that he could see.
Was the other side of the mountain.
The other side of the mountain.
The other side of the mountain.
That's all that he could see.

Top tip! Try using a toy teddy bear to help demonstrate the different prepositions in the song. Let bear interact with items in your house, to bring the words to life. For example, the bear went over the table; the bear went round the chair; the bear crawled under the table.
